NUMBER 46.

SENATORIAL STRIFES.

Some Practically Settled and Some Have Only Just Begun.

QUAY WINS A MEMORABLE FIGHT.

George Frisbie Hoar Chosen to Succeed Himself—Patterson Gets Wolcott's Toga—Burnham to Succeed Chandler—Dubois Returned.

Harrisburg, Pa., Jan. 15.—That Matthew Stanley Quay would be elected United States senator by the Pennsylvania legislature was conceded by the leaders of the opposition before the house and senate voted separately at 3 p.m. for United States senator. It was also believed that Mr. Quay would receive a majority vote in each body. The two houses will meet in joint session at noon Wednesday to canvass the vote and declare an election. Attorney General Elkin and other lieutenants of Mr. Quay predicted that his combined vote would be at least 132, or five more than necessary to a choice. He received 123 votes in the joint Republican senate and house caucus two weeks ago and was therefore made its unanimous choice for senator. In addition to the votes which were then cast for him it was conceded that he would obtain more than the requisite number of votes, 127, to elect.

James M. Guffy of Pittsburgh, the Democratic caucus nominee for senator, left in the morning for Texas to look after his oil interests with the assurance of his lieutenants that he would receive the full Democratic vote.

The senate ballot was as follows: Quay 26; Guffy (D.) 12; Daizell, (anti-Quay Republican) 10; Huff and Smith one each. The house vote was Quay 104; Guffy 44; Daizell 24; Huff 6; Smith 11; Harris 1; McCormick 1; Tubbs 1; Olmstead 1; Swallow 1; John Stewart 3; William McConway 1. This gives Mr. Quay a total of 150 votes.

Clark Lacked One.

Helena, Mont., Jan. 15.—William A. Clarke of Butte lacked one vote of the number required to elect him to the United States senate. The first ballot for senator was taken at noon by both senate and house. Two members Senator Hobson (R.) and Representative Gregory (R.) were absent. Clark received 34 votes in the house, lacking one of a majority and 13 in the senate, where he had a majority of three.

There were 30 Republicans in the senate and house and they voted for Senator Thomas H. Carter for the long term and former Senator Mantle of Butte for the short term. The labor men in the house voted solidly for A. E. Spriggs for the long term. Three of the four independent Democrats voted for Martin Maginnis of Helena. Had the vote been in joint session Mr. Clark would have been elected as he received a majority of the votes cast. For the short term Mantle (R.) received the entire Republican strength. H. L. Frank of Butte received 10 votes while the others were scattering. The legislature completed balloting at 1 p.m. and adjourned until 10 a.m. Wednesday. A joint ballot will be taken Wednesday noon, but in the meantime the two absent Republican members are expected to arrive.

Addicks Several Short.

Dover, Del., Jan. 15.—The result of the union Republican caucus when 16 members of the legislature nominated J. Edward Addicks for United States senator, lent interest to the initial vote for two senators taken separately by the two houses of general assembly, prior to the convening of the legislature, the anti-Addicks, or regular Republicans, held a caucus and agreed to vote for Charles F. Richards of Georgetown for the short term for United States senator, and Colonel Henry A. Dupont of Wilmington for the long term. The union Republicans recognize no candidate but Mr. Addicks. The refusal of the regular Republicans to go into the union Republican caucus even with the assurance that they could have the long term senatorship at their disposal, indicates, as the first ballot showed, that a deadlock would be the result. The total number of votes in both houses is 52 and 27 are necessary to a choice. Mr. Addicks polled 16 votes on joint ballot.

Hoar Re-elected.

Boston, Jan. 15.—George Frisbie Hoar was re-elected in both senate and house of the Massachusetts legislature to succeed himself in the United States senate for the term commencing March 4, 1901. The vote in the senate was 29 for Hoar and 8 for Richard Olney. One Democratic senator voted for Hoar. The vote of the house was 169 for Hoar, 48 for Olney and one for Charles H. Bradley, Social Democrat of Haverhill. Four Democratic members of the house voted for Hoar.

PATTERSON WAS PATT.

Denver, Jan. 15.—Thomas M. Patterson was elected United States senator to succeed Edward O. Wolcott. Mr. Patterson was the nominee of the Democrats, Populists and Silver Republicans, receiving 74 votes out of a total of 87 cast at the joint caucus. Following is the result of the ballot taken by the legislature in separate sessions shortly after noon: Senate: Patterson 33; Wolcott 1; absent 1; House: Patterson 58; Wolcott 7.

No Election at Lincoln.

Lincoln, Neb., Jan. 15.—The first vote for the two United States senators to be elected by the present legislature was taken by the two houses separately. For the long term in the house 16 men were voted for. The vote for the prominent candidates for long term was: Meiklejohn, 16; Currie, 9; Crouse, 8; Rosewater, 8. For the short term: Halner, 4; Hinshaw 9. In the senate the vote for the leading candidates was as follows: Currie 8; Rosewater 4. Short term: D. F. Thompson 7. The complimentary vote of the Populists in the house and senate was largely for W. V. Allen and of the Democrats in the senate for W. B. Thompson. In the house the Democrats voted for G. M. Littlecock.

McMILLAN AGAIN CHOSEN.

Lansing, Mich., Jan. 15.—Senator James McMullan of Detroit was re-elected by the Michigan legislature, being the unanimous choice of the Republican majority. He received 84 votes in the house and 31 in the senate. Thomas A. Barkworth of Jackson was given a complimentary vote by the Democratic minority. He received one vote in the senate and 10 in the house. Five members of the legislature were absent when the vote was taken.

Burnham Succeeds Chandler.

Concord, N. H., Jan. 15.—Both houses of the New Hampshire legislature voted for United States senator to succeed Senator William F. Chandler. In the senate the vote was: Henry G. Burnham (R.) 22; Charles F. Stone (D.) 1. In the house, Henry G. Burnham 279; Charles F. Stone 83; Henry M. Baker (Ind.) 1.

Dubois For Idaho.

Boise, Idaho, Jan. 15.—The legislature balloted in separate session for United States senator at noon. The vote in the senate was Dubois 13, Shoup 7, Joseph O. Rich 1. In the house, Dubois 28, Shoup 20, Rich 1. This elects Mr. Dubois, who formerly was senator.

Governor Aycock Now.

Raleigh, N. C., Jan. 15.—The Democrats assumed control of the state at noon after six years of Republican and Populist administration, Charles R. Aycock, succeeding Daniel L. Russell as governor. In his inaugural address, Governor Aycock reviewed the history of the adoption of the constitutional amendment in this state and contended that it does no injustice to the negro but that it really benefits him. He urged the legislature to make more ample provision for education.

Second Term For Sayers.

Austin, Tex., Jan. 15.—Governor Sayers and Lieutenant Governor Brownlee were inaugurated for a second term at noon. The legislature made no progress in the Bailey investigation.

Temporarily Steered.

London, Jan. 15.—China questions being more urgent, in view of the signing of the agreement by Prince Ching and Earl Li, it is not considered probable at the American embassy that the foreign office will take decisive action upon the amended canal treaty this week. The rejection of the amendments will be an unpleasant surprise if it be brought about. There is, however, no definite assurance that the amendments will either be accepted or rejected, but there is a hopeful feeling that the foreign office will take advantage of a favorable opportunity for bringing 50 years of controversy to an end and promoting good feeling between the two countries. There would be little doubt that the changes in the text would be sanctioned if the Davis amendments were out of the way. This is the chief obstacle.

Lost on the Pacific.

San Francisco, Jan. 15.—It is thought here that the British ship Andrade has gone ashore somewhere on the coast of Vancouver Island. She left Santa Rosalia Nov. 12 for Oregon and arrived off the Columbia river about two weeks ago. Pilot Cordwell was put aboard and then a gale came up and the Andrade was driven to sea. Since then nothing has been heard from her and seafaring men fear that she was the vessel recently sighted bottom upward off Cape Flattery.

New York, Jan. 15.—It is reported that the first undersea telephone cable according to the invention of Dr. Michael I. Pupin, is to be put down between Florida and Cuba for the United States government by the buyer of the patent, the Bell Telephone company.

STEWART STIRRED UP

Declared the Filipino Appeal Did Not Come With Clean Hands.

SAID IT DEFIED THE GOVERNMENT

Wants the War to Go On Till the Honor of United States Is Vindicated—Bacon Amendment to Army Bill Failed—The House.

Washington, Jan. 15.—A bill granting a pension of \$50 per month to Horatio N. Davis, father of the late Senator Davis of Minnesota was passed by the senate. Mr. Davis was a captain in the commissary department. At the conclusion of the routine business, Mr. Morgan, chairman of the committee on interoceanic canal asked unanimous consent that a final vote upon the Nicaragua canal bill and its amendments be taken at 5 p.m. Feb. 11. Mr. Daniel (Va.) objected.

An act to create a new division in the western judicial district of Mississippi was passed.

A resolution presented a few days ago by Mr. Teller providing for the printing as a public document of the petition of 2,000 Filipinos offered to the senate, was laid before the senate. Mr. Stewart (Nev.) declared his opposition to the resolution on the ground that it was an "untruthful recital of conditions in the Philippines." He discussed at length the surrender of the islands declaring that the treachery of Aguinaldo had been established by authentic documents and that any petition or appeal sent here by such people was unworthy of consideration because they did not come with clean hands.

The petition, he said, contained every possible threat against the United States. In view of which congress ought speedily to pass the army bill. "The government has been dead," declared Mr. Stewart. "We can not possibly hesitate to put down this rebellion and vindicate the honor of the United States. This is simply a demand for surrender on the part of the United States in the form of a petition. It is a wicked conspiracy and ought to be put down." Mr. Berry (Ark.) said the appeal was phrased in respectful language, was splendidly written and fully represented the aspirations of a great body of the people of the islands. He was of the opinion that the senate could not afford to refuse to make public the appeal by printing it. While he was on the floor, Mr. Berry discussed an amendment to the army bill which he offered Monday. The resolution was referred to the committee on Philippines. Consideration of the army reorganization bill was then resumed.

Mr. Bacon's amendment was laid on the table by a vote of 39 to 20. The amendment was to strike out of the bill the words "conferring upon the president power to increase the number to the maximum limit the strength of the infantry, artillery and cavalry arms of the service."

In the House.

The house continued considering the river and harbor bill. A number of amendments relative to the Tennessee river were offered but they were voted down.

Favor in Commercial Navy.

Madison, S. D., Jan. 15.—The Social Democrats of this city wrote Senator Pettigrew as a body urging him to introduce a substitute for the pending ship subsidy bill which will provide for the same amount of money expended in building new vessels to be owned by the government and to be known as the commercial navy, to be chartered for commercial purposes in time of peace and used as transports in time of war, but to be officered and controlled by government officers. The senator promptly notified the president of the club that he would introduce such a substitute at the proper time.

Postal Appropriation Bill.

Washington, Jan. 15.—The house committee on postoffices and postroads has practically completed the postoffice appropriation bill. The total amount will be about \$122,700,000. The appropriation for rural free delivery is increased from \$1,750,000 to \$3,500,000. The usual provisions for special facilities between New York and New Orleans are placed in the bill but no provision for pneumatic tube service.

Middleboro, Ky., Jan. 15.—The trustees of the Lincoln Memorial school at Cumberland Gap, Tenn., have had a division and some of them have started a rival college, calling it the Jefferson Davis Memorial school. The falling out was due to sectional differences. The Lincoln Memorial school, established by General O. O. Howard, is one of the leading institutions of its kind in the south.

SULTAN'S STANDARD.

Flag of the Jolo Potentate Sent to Adjutant General Corbin.

Washington, Jan. 15.—Adjutant General Corbin has received from the Philippines a flag of the sultan of Sulu. It was forwarded by Major O. J. Sweet of the Twenty-third infantry, now stationed on the island of Jolo. The flag is oblong, about 4x5 feet. It has a red ground bordered with white ruffles and ornamented with various designs including a black field with five white stars and a kris and spear (Moro weapons) in white over which is a stripe of black. It is described as the flag of the Mohammedans of the Sulu archipelago and each feature of it is symbolic. The first star represents religious knowledge; the second star prayers; the third star indulgence money; the fourth star titles; and the fifth star pilgrimage to Mecca. The center star contains Arabic letters in black, denoting the flag of the sultan of Sulu. The stars further represent the five provinces of the sultan, viz. Basilan, Jolo, the Sashal group, the Tawi Tawi group, and Borneo and Palawan. The red ground of the flag represents the subjects of the sultan. The Moro weapons, strength and war. The black top border the Moro chief, and the black ground for the stars, the goodness of the Mohammedan religion. The flag was displayed in the adjutant general's office and attracted considerable attention.

American Vessels Seized.

Washington, Jan. 15.—The state department is informed by cable from Venezuela that the Venezuelan government has taken possession of two steamers belonging to the Orinoco company. The Orinoco is understood to be an American concern operating between Port-An-Spain and points up the Orinoco river. Minister Loomis at Caracas, cables that they have been taken for the purpose of being employed against the revolutionaries.

Three Sisters Missing.

New Orleans, Jan. 15.—The police have been asked to find Rita and Mamie Holthouse, aged 16 and 18 and their infant sister. The two girls left home with the child Sunday to visit relatives. They never reached the residence of the relatives and have not since been seen or heard of. The kidnaping theory has been advanced to account for their disappearance.

Collision at Sea.

London, Jan. 15.—The British steamer Appomattox from Newport News, Jan. 1 for this port, arrived with bows damaged by collision off Gravesend with the British steamer Plover, outward bound for Rotterdam. The Plover was damaged on the starboard side amidships and was run ashore and tilted with water.

Carried out of Jail.

Wichita, Kan., Jan. 15.—Quarantine was declared off at the county jail and Mrs. Carrie Nation, charged with smashing saloon fixtures, was released on bail in the sum of \$200. Her trial has been set for Monday.

Served in the Navy.

New York, Jan. 15.—Benjamin B. Wharton, a retired chief engineer of the United States navy is dead at his home in Montclair, N. J., of heart trouble occasioned by attack of the grippe.

So it is at last settled that Neely will have to stand trial in Cuba for his stealings at Havana. If he and his confederate Rathbone will only give all the facts their trial will be exceedingly interesting. Let Rathbone "pull down the pillars of the temple."

Shortly before the November election it will be remembered that Albert S. Thomson, of Bourbon County, was arrested on a charge of intimidating negro voters. Negro crap shooters had been making night hideous near his home and he had them arrested, and this was the basis of his arrest, the Republicans, however, claiming it was simply a conspiracy of Thompson and other Democrats to keep the negroes from voting. The case was carried before the Federal Court and the grand jury has refused to return an indictment. The case was characteristic of the deepicable tactics resorted to by Republicans during the last campaign.

It is possible that persons who are not familiar with the past of this community may misunderstand the terms and purposes of the "Wormald bequest" for the establishment of a public library; but only extreme malevolence or prejudice could misrepresent the character or disposition of the persons who have had this trust in hand. It is sufficient to say that upon the list of those who have served as trustees may be found the names of W. H. Wadsworth, Sr., Dr. A. K. Marshall, William H. Cox, Sr., Harrison Taylor and Robert A. Cochran, Sr., who were competent to discharge the duties of any trust; and their successors are merely carrying out their wishes in their present prosecution of the work. Mr. A. M. J. Cochran is at this time the Chairman of the Board of Trustees, and will take pleasure in furnishing any explanations that may be desired.

THIRTY States now have a system of "traveling libraries." The "traveling library" was inaugurated in New York in 1892, and the statement above shows how rapid the system has grown. The books and the cases in which to keep them are shipped from city to city, from town to town and from village to village, the remotest sections being thus furnished with the best reading matter without any great cost. While it is accomplishing great good, yet the "traveling library" can not fill the place of a local public library. It is not so intended, but the object is to supplement and enlarge the benefits of the local institution. What the city of Maysville should do just now is to lend her assistance to the trustees of the splendid Wormald bequest and aid them in securing the immediate use of at least a portion of the bequest so that a commodious and more suitable building may be provided for the Wormald and Greenwood institutions. This done and Maysville will soon have one of the finest public libraries. The time is opportune, and Council should not hesitate to act.

LEXINGTON'S LIBRARY.

An Institution That Has Done and Is Doing a Splendid Work In the Blue Grass Capital.

[Lexington Morning Herald.]

In the excellence of her public schools and in the superior advantages she possesses in her educational institutions, Lexington is distinctly the leading city of the South. One of the greatest of these educational advantages, and one which is open to any citizen of the town and of Fayette County, is her free public library.

The library was opened to the public just twenty months ago, and a brief resume of its work in that time should be a most gratifying exhibit to our whole community. On April 10, 1899, the library was opened to the citizens of Lexington, and during the first month 1,404 books were issued. For the first six months the circulation was 12,461, and for the first year there were 34,502 books issued, showing a constantly increasing work of circulating books.

For the first month of the second year, from April 10 to May 9, 1900, the circulation was 3,927 books, and for the first six months of the second year there were issued 22,664 books.

Early in September the library, which until then had been closed at 5 o'clock, was kept open until 9 o'clock p. m., and these four additional hours have been of the greatest convenience to the citizens and to a large number of students, too busily engaged to take advantage of the library during the day.

A large proportion of those frequenting the library at night are students from the city schools and from State College and Kentucky University. For the needs of these readers the Board of Trustees is rapidly adding to the number of reference books, for the purpose of making the library an adjunct of the greatest value to the schools.

In order to still further this progress the trustees have placed in the gallery of the library several bookcases for books that will enlist the interest of pupils of the different grades of the public schools in their studies, and such books are being ordered with each general order for books.

Owing to the extension of time during which the library is kept open each day, and to the largely increased number of readers, it was found necessary to employ a second assistant librarian. This step of the trustees has been amply justified, and they now find that it is necessary to supply more tables and lights for the constantly increasing number of readers.

River News.

Stanley down to-night and Bonanza up for Pomeroy.

The Avalon, now at Parkersburg, has been chartered to run between Chattanooga and Riverton, Ala. She goes to Pittsburgh this week to load for the Tennessee.

The White Collar liner Sunshine, of the Pomeroy-Cincinnati trade, ran through herself at Gallipolis Monday night. She proceeded to Pomeroy and passed down Tuesday at noon, using one engine. The Courier will make a trip in the Sunshine's place.

Capt. Elgington announced Tuesday that the work of overhauling the M. P. Wells will soon be completed. She is receiving ten more state rooms, besides a new wheel and other improvements. He also announced that he has chartered another boat and that his steamers will re-enter the Portsmouth-Cincinnati trade Feb. 1st.

A great deal of tobacco is being delivered here this week.

CUBAN SCHOOLS.

Remarkable Increase in the Pupils Enrolled and the Improvement Made in a Few Years.

NEW YORK, Jan. 14.—A. E. Frye, of Highland, Cal., who returned yesterday from Havana, where he spent two years as Superintendent of Public Schools in Cuba, said last night:

"There has been a great improvement in the conditions of schools in Cuba. While there were not more than 10,000 pupils in 1897, there were 142,000 in May, 1900. The highest number ever registered before the war was 34,000, and the attendance never exceeded 17,000. There were no public schools, in reality, under Spanish rule, and the school property had little or no value. Recently Gen. Wood got the idea that many of the schools reported by me, and for which money was being drawn, did not exist. He gathered this from information submitted by subordinates. In my reports I reported the number of Aulas (school rooms), while the military officers counted only the escuelas (school houses), thus confounding matters. But I soon explained the facts to the satisfaction of Gov. Wood.

"Under the system I have inaugurated no fraud is possible in the schools of Cuba. Under the old system there were ninety-four professors under pay in the University of Havana, where there were only 335 students."

Mr. Frye says that the Cuban children are very apt pupils and learn with great rapidity.

A very pleasant and enjoyable event in the Tuckahoe neighborhood recently was a dining given by Mr. and Mrs. E. G. Kirk. The turkey was fat (so were the oysters). 'Ras is a good carver, and he at the head of his wide and well-spread board, with Mrs. Kirk presiding at the other end with her usual dignity and grace, and the guests beaming and happy,—it was certainly an inspiring sight and we heartily wish them (and ourselves) many returns of the happy day.

A Plain Talk!

READ IT

We make no startling sensational announcement of prices "cut in two." We don't sell goods that way—nor does anybody else. Our prices are as low as possible, consistent with legitimate merchandising. When one reads the startling offers made by some dealers it reminds one of the fairy tales of childhood. Our goods are good goods. We know it. We want you to know it. We don't talk much about "how cheap," you know, but about "how good." Some people buy goods for the price, some for the quality. Which is the wiser? At this time of the year of course a progressive merchant finds it to his interest to close out certain lots at prices much reduced. It is his house-cleaning time and through work means cleared shelves and counters. At this task we have spent the past two weeks—that's the reason we haven't had time to vary our talk in this space. We've been getting ready to give you some bargains. BARGAINS WITHOUT EXAGGERATED STATEMENTS OF IMAGINARY VALUES. To-morrow the story begins with fresh installments every other day through January.

Then call upon us. We appoint you sole judge. If you buy what we advertise, show it to your friends, compare it with goods bought anywhere at the same price. If you can equal it bring it back and without question we'll refund the purchase price.

The Membership Contest at the Y. M. C. A. a Very Gratifying Success—The Prize Winners.

The Y. M. C. A. membership contest closed last night at 10 o'clock. For the past several days the men have been holding back their reports so that at 7 o'clock last night only twenty-three new members had been turned in, but at 10 o'clock the closing hour, the aggregate ran up to 66.

The contest was very pleasant in every way, though very spirited, and the association appreciates thoroughly the hard and earnest work done by the members in the campaign. The General Secretary welcomes most heartily the sixty-six new men and wants to get well acquainted with them. He urges that they begin at once to use the privileges of the rooms. On next Friday night the regular gymnasium class will be conducted, after which basket ball practice will be indulged in. On Friday night of next week the basket ball game will be played that was advertised for last night.

C. P. Traxel was awarded the fine ebony brush, gift of Mr. A. Clooney, for securing largest number of cash members. Mr. Chas. Slack received the membership ticket for securing the largest number on installment plan.

Mr. Wm. Slitz received the beautiful scarf pin, gift of Mr. John Ballinger, for securing second largest number of members on installment plan.

Mr. Charles Helmer, the fine shaving set, given by J. T. Wood & Son, to man securing second largest number of cash members.

Group No. 1, consisting of J. T. Kackley, James B. Wood, Chas. Slack, C. P. Traxel and Gillian Murphy, was awarded first group prize, a fine picture given by J. T. Kackley & Co., and a fine box candy by F. H. Traxel Company.

Group No. 2, consisting of H. C. Curran, Wm. Slitz, Deweesie Outteau, Robt. Rasp, George Creighbaum, was awarded second group prizes, pair of gymnasium shoes from H. C. Barkley & Co., and a fine lamp from Mr. Jos. Schatzman.

MEMBER EXPELLED

From a Church Because He Had Married a Widow.

MT. OLIVET, KY., January 14.—The "church trial" of Wilford Fryman, of Nicholas County, resulted in the expulsion of Mr. Fryman from the church.

Mr. Fryman had married a widow who had secured a divorce from her former husband on the grounds of abandonment, while the church recognizes no divorce except for adultery.

Mr. Fryman will appeal the case to the quarterly conference.

Washington Camp No. 3, P. O. S. of A., will meet to-night at G. A. R. hall at 7 o'clock.

A Card From Captain J. Hamiton.

I wish to inform the good people of our city that the malicious attack made by the editor of the Public Ledger (saying I had been enroute to my stock) is prompted more by a spiteful and jealous heart than from one who wishes to pose as a sincere missionary worker. To be successful in the missionary work he speaks of, I claim it takes one that's a Christian, sober and pure in heart, to be a leader, and not one who curses at dumb animals, as did Elton Tom Davis when my team was passing upon the public highway. I have always advocated and used kindness to all dumb animals, especially to my stock, and whenever my drivers go contrary to such orders I'm not responsible. Mr. Davis has advised the kind-hearted people of our city to give "China a rest" in missionary aid and work at home and wished to head the list with five dollars. Judging from the missionary qualities Mr. Davis displays, no doubt he is more capable of judging the "Jap" than he is of a balky horse.

I Also Offer One Six-Room Brick Dwelling House, With Stable,

Arbuckles' Roasted Coffee

Is prepared by an individual firm who made their reputation many years ago; who intend to maintain it as long as the people appreciate good, pure coffee, at an honest coffee price. If others imitate Arbuckles' coffee, that's their business; if you prefer an imitation coffee, that's your business. But you'll find that it's economy to pay a cent a pound more for Arbuckles'. Ask the grocer for Arbuckles' Roasted Coffee, the original packing coffee, and refuse imitations under any other name.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you present a certain number of signatures from the wrappers at our Notion Dept. Look for the list.

DRANK BRANDY,

Was Made Crazy Drunk and Got Himself and Some Saloon Men in Trouble.

Last Sunday morning an unsophisticated young man named Emmons, hailing from near Dexter, came to Maysville and started in to have "a good time." Apple brandy, it seems, was his favorite drink, and according to his sworn statements he experienced little or no trouble in buying all he wanted.

The saloon proprietors and bar-tenders at Metcalf's place on Front and Wells & Mitchell's on Market all swore positively that the doors were closed and were locked, but, according to Emmons' testimony, he walked right in both these saloons. At Metcalf's he paid a quarter for a half-pint of brandy; at the other he got only one drink. This was between 9 o'clock and noon.

At 2:30 or thereabouts, Emmons was found on Second street, Fifth ward, "crazy drunk," embracing a telephone pole and insulting everybody who chanced to pass that way. Policeman Thompson and a Mr. Paul escorted the poor fellow to the lock-up, and on Monday he was fined \$15 and costs for his jamboree. He was also made to disclose where he got his liquor, and Tuesday afternoon Mr. Metcalf and Wells & Mitchell were tried before Special Judge Galbraith for selling liquor on Sunday. The court adjudged them guilty and entered a fine of \$10 and costs in each case, with the admonition that the law on this subject must be observed.

WONDERFUL GROWTH.

There Are To-day Over Half a Million of Young Men Enlisted in the Y. M. C. A.—Something of the Work.

There are now 6,192 branches of the Young Men's Christian Association, with 521,000 members, among fifty nations, speaking thirty-five languages. Its sphere of influence extends to many times that number, affecting the lives of great bodies of men. Its contribution to church, civic and national life is recognized.

The 1,339 American associations have 252,000 members, of whom 32,000 are college students, 3,000 railroad men, 5,000 soldiers and sailors, 1,650 Indians, 1,500 miners, 5,000 colored men and 23,000 boys. The gymnasiums enroll 77,000 men and boys; the educational classes, 26,000. The annual attendance upon Bible classes exceeds 500,000, the religious meetings 2,500,000, a daily attendance at the buildings of more than 100,000. One thousand four hundred Secretaries are employed; two schools for training officers conducted; \$40,000 contributed per year for association work in foreign lands, where twenty Secretaries are stationed. Naval Temperance League with 2,000 members; 359 buildings, costing \$20,375,000, owned; a building erected every nine days for the past year. Property valuation exceeds \$24,000,000. Money given and pledged for work and buildings in 1900, over \$6,600,000; twenty-seven State committees employ fifty-seven Secretaries and expend annually \$152,000; the international committee employs thirteen Secretaries and expends \$140,000, publishes three periodicals and fifty pamphlets annually.

This is a wonderful showing when we remember that this work was only begun in the last half of the nineteenth century. God is most signally blessing this great movement for the salvation of young men.
